Height adjustable tables

With the goal to provide solutions to a high demand for furniture that can adapt to all user needs.

Tremain has partnered with a supplier leader in height adjustable components to design a line of great quality tables that are part of CALI.

Cali reflects a modern and elegant design that can complement any new or existing collaboration area.

Available in 2 colors (white and silver), Cali offers folding tables, height adjustable and mobile to give your workspace a new level of operational quality and design.
